

BOOK OF ENOCH

By Keith Frank

Introduction

To begin to decode "*The Book of Enoch*" I wanted to first examine the title itself, which will reveal anything pagan or heretical (i.e., decoding "*The Didache*" with bad results). After the title is examined in this post, I will later return in the future to decode the actual text; the most important thing. Thank you and God bless you.

Book of Enoch

"Although evidently widely known during the development of the Hebrew Bible canon, 1 Enoch was excluded from both the formal canon of the Tanakh and the typical canon of the Septuagint and therefore, also from the writings known today as the Deuterocanon...The content, particularly detailed descriptions of fallen angels, would also be a reason for rejection from the Hebrew canon at this period – as illustrated by the comments of Trypho the Jew when debating with Justin Martyr on this subject: "The utterances of God are holy, but your expositions are mere contrivances, as is plain from what has been explained by you; nay, even blasphemies, for you assert that angels sinned and revolted from God'."

CONCLUSION

So far, in terms of only the title, rechecking twice, it appears to be a legitimate, righteous, God inspired manuscript. And the fact it was quoted in the Bible strongly suggests this theory (**Jude 1**). I will conclude my examination in the near future. Thank you and God bless you.
